

ONBOARD AMENITIES

Network - SBA or WAAV. NO PASSWORD

Service can be affected by regional coverage & number of users. Please NO video sharing, streaming or downloading of large files.

Reclining Seats - Window seat lever is on the left side of seat cushion. Aisle seat lever is on the right side of seat cushion. Press lever back while leaning on seat back. Seat will recline 25%. To return to upright: lean away from seat back and press lever back. Seat will return to upright.

Footrests - Located at the bottom to seat-back in front of you for your comfort if needed.

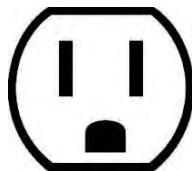

Seat Belts - If our coach is equipped with seat belts, we require you to use them.

Reading light, Driver call button and Air Conditioner/ Fresh Air Valve - All located overhead of seat.

Restroom - Located in the back of the bus on passenger side. There is a blue or red light on the exterior wall of the restroom that will light when occupied. It is a **no flush** toilet. Moist wipes are provided to clean your hands. In most cases the restroom door will open inward. Be aware of this when exiting the restroom.

Power Outlets - If coach is equipped with outlets you will find them at lower portion of seat back in front of you by the footrest.

Cell Phones - As a courtesy to our driver and fellow passengers please keep phones on silent and calls to a minimum with low volume.

On Your Honor Bar - A cooler is located a few isles behind the driver. Drinks cost \$1.00. Santa Barbara Bars cost \$2.00. There is a lock box for payment inside the cooler.

THANK YOU FOR RIDING WITH US!

Mission Statement

To improve our customer's lives and our community through passenger transportation services.

Vision for our Customers

Make travel convenient, enjoyable and beneficial for all who use our services by exceeding our customers' expectations and enabling them to achieve their travel and transportation goals.

Vision for our Workforce

To make it enjoyable and rewarding to do our daily work by working with the best people in the industry and having them compensated as such. To have each individual's ability to contribute limited only by their desire to contribute.

SANTA BARBARA AIRBUS

ONBOARD AMENITIES AND SAFETY

MOTORCOACH EMERGENCY GUIDE

Using Emergency Exits

Look for the emergency exits – in addition to the boarding door, there should be several window exits, and a rooftop exit or hatch. If you are seated beside a window emergency exit, and don't think you can operate it, move to another seat.

Windows are marked as emergency exits, with instructions to release the pull handle (Diagram A) or Lift Bar (Diagram B) windows push out to open. Follow the marked instructions to open the roof hatch (Diagram C).

EMERGENCY INSTRUCTIONS

Entering and Exiting Vehicle - Use handrails and watch your step. Ask driver for help if needed. If a step stool or platform has been placed outside the vehicle, please step in the center to maintain your balance.

Handrails - Please refrain from moving around while the tour coach is moving. If you have to get up use the handrails along the overhead compartment to . Use hand supports in the restroom when the vehicle is in motion.

Avoiding Slips and Falls: For your safety, please stay seated while the vehicle is in motion. If you must stand or move along the aisle, support yourself using the seat backs or overhead supports.

Caution - Do not move beyond the marked line at the front of the vehicle while it is in motion.

Overhead Luggage Racks - Available for your carry-on bag. Please no fluids in carry-ons. If carry-on is too large to fit in overhead it needs to be checked with driver. Luggage is not permitted to be stored on coach seats.

Emergency Contact - If necessary, notify authorities of an emergency situation by calling 9-1-1.

Driver Directions - In the event of an emergency, remain calm and follow the driver's instructions. If you are able, assist the driver with evacuating passengers with disabilities.

Fire Extinguisher - A fire extinguisher is usually located toward the front of the vehicle behind the driver's seat, under a passenger seat on the right side or in an overhead compartment.

Restroom Emergency Button/Switch - If you are in the restroom and need assistance, use the emergency button or switch to alert the driver.
